

## Music Knowledge and Skills Progression

**'We will show everyone love and respect, living and learning with courage and joy.'**

### EYFS

The EYFS framework is structured very differently to the national curriculum as it is organised across seven areas of learning rather than subject areas. Statements are from the 2020 Development Matters and are prerequisite skills for Music within the national curriculum. The table below outlines the most relevant statements taken from the Early Learning Goals in the EYFS statutory framework and the Development Matters age ranges for Three and Four-Year-Olds and Reception to match the programme of study for Music.

The most relevant statements for Music are taken from the following areas of learning: **Expressive Arts and Design**

**The National Curriculum for Music for KS1 and KS2 aims to ensure that all pupils:**

- ♣ perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians
- ♣ learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence
- ♣ understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

### **By the end of KS1**

Pupils should be taught to:

- ♣ use their voices expressively and creatively by singing songs and speaking chants and rhymes
- ♣ play tuned and untuned instruments musically
- ♣ listen with concentration and understanding to a range of high-quality live and recorded music
- ♣ experiment with, create, select and combine sounds using the inter-related dimensions of music.

### **By the end of Key stage 2**

Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.

Pupils should be taught to:

- ♣ play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression
- ♣ improvise and compose music for a range of purposes using the inter-related dimensions of music
- ♣ listen with attention to detail and recall sounds with increasing aural memory
- ♣ use and understand staff and other musical notations
- ♣ appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians
- ♣ develop an understanding of the history of music.
